

Water Quality Enhancement Program Design Manual

South Dakota Department of Transportation

700 East Broadway Avenue
Pierre, SD 57501-2586

CONTENTS

Section 1: Purpose and Authorities	
1.1 Introduction	2
1.2 Clean Water Act	2
1.3 Historic Resource and Endangered Species Legislation Impacting Erosion and Sediment Control Requirements	3
1.4 Code of Federal Regulations	3
1.5 South Dakota Code	3
1.6 SDDOT Storm Water Management Program	4
1.7 Storm Water General Construction Permit	4
1.8 Maintenance of the SWPPP	8
1.9 Conclusion	8
Section 2: Principles of Erosion and Sediment Control	
2.1 Introduction	10
2.2 Types and Causes of Erosion	10
2.3 Erosion Control versus Sediment Control	13
2.4 Principles of Erosion and Sediment Control	15
Section 3: Erosion and Sediment Control Best Management Practices	
3.1 Introduction	19
3.2 Permanent Erosion Control	19
3.3 Matching Vegetation to Soils and Climate	21
3.4 Woody Materials in Erosion Control	22
3.5 Structural Supplemental Controls	23
3.6 Biotechnical controls	23
3.7 Temporary Erosion and Sediment Control for Construction	24
3.8 Run-on Management	28
3.9 Biotechnical Techniques	29
3.10 Endangered Species	30
3.11 BMP Selection Tool	31
Section 4: Managing the Construction Site	
4.1 Mobilization	33
4.2 Maintaining the SWPPP in the field	34
4.3 Inspections	35
Section 5: Engineering and Design for Erosion Control	
5.1 Introduction	38
5.2 South Dakota Department of Transportation Policy	38
5.3 Preparing the Storm Water Pollution Prevention Plan (SWPPP)	39
5.4 Design Methods for Temporary Sediment and Erosion Control	41
5.5 Design Checklist	48

Section 6:	Miscellaneous Erosion and Sediment Control Design Information	
6.1	Guidelines for Sediment Basin Design	50
6.2	Guidelines for Silt Fence Used for Perimeter Protection	51
6.3	Guidelines for Erosion Control Blanket Design	52
6.4	Guidelines for Turf Reinforcement Mat Design	53
6.5	Seeding vs Sodding Design Decision	54
6.6	Erosion and Sediment Control Checklist	55
6.7	Erosion and Sediment Control Design Information	56
6.8	Erosion and Sediment Control Design Computation Worksheets	62
Section 7:	Erosion and Sediment Control Product Specifications	70
Section 8:	Glossary of Erosion Control Terminology	73
