The South Dakota Department of Transportation (SDDOT) in conjunction with the City of Hartford and the Sioux Falls Metropolitan Planning Organization (MPO) will hold an informal, open house style public meeting to discuss and receive public input on the upcoming I-90 Exit 387 Interchange Modification Study and Environmental Review. An introductory presentation will be given at approximately 6:10 p.m.

The study area for this project includes the I-90 Exit 387 interchange and the Western Avenue corridor between Mickelson Road (260th Street) and 261st Street.

Objectives of this public meeting include:

- Present an overview of the interchange and corridor alternatives analyzed, and those options carried forward
- Gather public feedback regarding remaining interchange and corridor alternatives

Input from this meeting will aid in the selection of preferred alternatives for Exit 387 and Western Avenue, which will be used to develop both the Interchange Modification Justification Report (IMJR) and the Categorical Exclusion (CatEx) document.
