Advanced Utility Coordination

- Highway projects may require adjustments or relocation of existing utilities located along or crossing the highway project. The SDDOT has an "Advanced Utility Coordinating Process" in place that addresses all existing utility involvement. This process involves meeting with the utility owner and project designers to review any conflicts and determine the most cost effective option of changing the design to avoid the existing utility or adjusting the utility. If the utility is required to relocate, all replacement utility easement acquisition and relocation work will be addressed and coordinated between the landowner and the utility company.
- For additional information on the "Advanced Utility Coordinating Process", please contact:

Dave Hausmann, SDDOT Utility Coordinator, 700 E. Broadway Ave., Pierre, SD 57501 Phone 605-773-6593; E-Mail: Dave.Hausmann@state.sd.us

Right of Way Information

Property Acquisition Offer: After the project construction plans have been prepared and the right of way limits have been established, your property will be appraised to determine the fair market value of that portion of your property that is needed for construction of the project. The amount established is the basis for the offer that the Right of Way Agent will make to you. If you feel that you cannot accept the State's offer, you have the right to have the amount of just compensation established by the courts.

Relocation Assistance Program: This program provides a variety of services and payments to owners and tenants who have personal property affected by the right of way being acquired for the project.

Relocation payments are in addition to payments made for the real property being acquired. So as not to jeopardize your eligibility for payments, do not do anything until you have received a written relocation offer or have contacted Andrew J. 'Andy' Jackson of the SDDOT Right of Way Program in Pierre. His phone number is 773-2911. Anyone not satisfied with the relocation offer made to them may appeal using the procedures described in the Relocation Brochure.

The landowner may also be reimbursed for various fair and reasonable incidental expenses that may be incurred during the transfer of property to the State.

Right of Way Information Brochures: Two brochures have been prepared which explain the SDDOT's Right of Way process. They provide in-depth information on your rights with regard to the acquisition of your property and the benefits available to you with regard to the Relocation Assistance Program. These brochures are available at this hearing on the "Sign-in" table. Please feel free to take a copy of each with you.
